Clover Bar Welcomes Carlee Griffiths of Jackson State University

Prior to Christmas we had a very special guest, as ex-Clover Bar Soccer Student Carlee Griffiths dropped by to talk to our current students about life as a university athlete. Carlee signed last spring to NCAA Div. I School Jackson State University to play women's soccer. Carlee explained the process of how a player in Sherwood Park developed and began the process to attend the reputable University in Mississippi. She touched on the high-end facilities that she "works" at, and how she manages her course load. She went into great detail about how to get scholarships in the States, and the academic marks that are required (starting in grade 9!). We wish her continued success down south. Go Tigers!

Head Coach's Report: by D. Drummond

We are quickly approaching the conclusion to our indoor training phase and we are looking forward to our final outdoor phase beginning in April. We have had the opportunity for the students to work with our two guest coaches, Bruno Zebie and Darren Woloshen on an ongoing basis. Darren is currently the FC Edmonton first team goalkeeper coach and Bruno is a former FC Edmonton player and currently CIS Golden Bear. Throughout the indoor phase the coaching staff focused on 1v1 and 2v2, and attacking play in the final third with a focus on shooting and finishing. We will transition this into our April and May training with an aim to progress into team play and being able to apply attacking and defensive principles. In December, players had the opportunity to participate in the Christmas Academy tournament which allowed the students an opportunity to compete versus other academy programs across the city. Additionally we have organized monthly exhibition matches with St. Edmunds academy at the Victoria Soccer Center, which has been a great tool for the students to apply what we have been working on within the training sessions. Wishing all the students and families a great spring break.

Info for Clover Bar Soccer can be found at [CBJrHighSoccerAcadmy](#).

Coaches are looking to update it on a more regular basis for upcoming events (i.e. Exhibition games versus St. Edmunds).

STM Annual Christmas Tournament

Congratulations to all three teams in the STM Christmas Tournament. The teams participated well in a very enjoyable learning environment. There were lots of positives to take away from the experience, including the support of the senior players to the junior players. Excellent role modelling was displayed by our senior players.

Sponsorship Deal with Eurosport

Students enrolled with the Clover Bar Soccer Program can Receive 15% off any soccer gear they purchase at Eurosport.

State your school and name to be eligible for the discount.

Upcoming Events
